Diving in Lagoons of Ruidera

The Natural Park of the Lagoons in Ruidera has fifteen lagoons, and along them we have designed different dives to discover interior diving, any different dive.

If you have never dived in the interior don't worry, we will introduce you the changes of the technique in a short introduction before the first diving.

RuiderActiva offers you the service of its Diving Center of the Interior in Lagoons of Ruidera, situated in the town of Ruidera, has necessary facilities to make divers' stay comfortable: reception, shops, services, changing rooms, rental, equipment, classrooms for courses, lockers, vehicles to access the dives and of course we have an enthusiastic and professional team of instructors.

SEASONS. We dive all the year. The main season last from the 19th of March to the 1st of November. Out of the season we dive mainly in dry suit.

TEMPERATURES. During the regular season from the 19th of March to the 1st of November the temperatures are equal to the Mediterranean. In winter the temperatures are lower than the temperatures of the sea.

VISIBILITY. In contrast to what one might think, in Lagoons of Ruidera there is an acceptable visibility for diving around 5 or 10 meters average, although temporary up to 15 meters.
